The teachers and researchers of other Institutions of Higher Education	1. Syllabus of all the courses are adequately covered 2. Students access the study and learning material electronically 3. Students are satisfied and are getting familiar with e-learning	As most of the students come from rural and poor background, they face challenges like:- 1. lack of electronic devices like laptop, android mobile etc. 2. lack of regular power supply 3. lack of regular internet connectivity	1. The students should be provided with Android phone/laptop 2. Motivation to guardians to support them.
