INTERNAL QUALITY ASSURANCE CELL (IQAC)

- 4) Some teacher use scanned pdf for teaching that causes difficulty to understand as that looks hazy.
- 5) Teachers should make use of LCD displays while teaching
- 6) If offline classes resumes, it will be better for us to discuss with our teachers more closely the problems regarding our studies
- 7) Teachers should be more active in communication with the students and understand their fields of problems
- 8) Teachers should make a proper plan to teach.
- 9) Some events or internships should be done to let student participate and learn about the growing world.. Work knowledge should be provided skills should be taught. (Bio-Tech)
- 10) Use better graphics and visual media to make students understand well.
- 11) Notes which are uploaded in LMS could be more visible, as handwritten notes are quite tough to read.
- 12) The lectures should be in English as well as in Hindi, so that all the students can understand everything properly.
- 13) It will be helpful if students can get notice for exams before 1 month.
- 14) All mathematics groups including 1st Sem.to sixth Sem. should

be in a WhatsApp group so that anyone be benefitted.

15) Can be improved if the explanation of the theories are done in a systematic way and not by lectures.

16) Game-based active teaching can be used virtually to improve the learning process

17) The professors are very ill mannered and behave rudely with the students especially the mathematics faculty

18) Teaching methods should be improved . Sometimes I find some explanations difficult to understand

19) Encourage active and practical learning. Make connections to real world applications of the course material

20) Where everything is on online, that can be a main reason where we are not able understand the concept because we cannot question as many times till we don't understand.

21) The teacher should need to understand the situation of every student and should know the proper reason of students' problem.

22) Library should contain more types of book on a particular subject.

23) Availability of teaching learning materials in both Hindi and English version

INTERNAL QUALITY ASSURANCE CELL (IQAC)

24) Use of ICT makes teaching learning process so interesting.

25) During regular online class every subject teacher should send the link for the class meeting to every student individually rather than forwarding the link just in college group because it will be more easy for the student to join the class

26) Arrange more botany online classes as some topics are not understandable by our own which is left by our teachers.

27) Teachers should be supportive to every student in discussion of project chapter

28) 3D videos and multimedia should be used for better conceptual learning .

29) More co-curricular activities should be encouraged for girls, seminars related to jobs and opportunities for getting a job should be brought in the college

30) If the teachers discuss with us the numerical- type question-answer and check our copy then it will be very helpful to us because they taught by explaining properly some exact few examples not the whole types or miscellaneous items.
